Fancy Auto Rugs, regular \$4.75. Sale ..... 3.95

## Provincial W.C.T.U. Convention Here Wonderful Success

The sixteenth annual provincial convention of the W.C.T.U. was held in Didsbury last week in the Evangelical Church, about 80 delegates and visitors being present. Mrs. L. C. McKinney of Claresholm, provincial president, presided.

The opening session was taken up with devotional exercises led by Mrs. C. J. Hallman, and the appointee of committees and the reading of reports.

In the evening a very delightful banquet was set at the Mayfair theatre, where greetings were brought to the delegates from His Worship Mayor Chambers, who humorously traced the "rise of the female species," also from Dr. Clark, Rev. A. E. Hayes of the United Church, Rev. C. J. Hallman of the Mennonite Church, Mrs. Harder of the West Zion Mennonite Church, Mrs. McCoy, Women's Institute, Mrs. J. Boorman of Knox United W. M. S. and the Ladies Aid, and Mrs. H. Reiber of the Evangelical Church.

Mrs. J. F. Knight of McLeod responded to the greeting with warm words of appreciation.

In the evening following a few words of welcome by Mayor Chambers, to which Mrs. A. E. Cooke responded, a number of musical selections were presented by local talent. President McKinney then gave a report of the World's W.C.T.U. convention at Lausanne, Switzerland.

At the close of the address Mrs. McArthur of Edmonton, presented to Mrs. McKinney on behalf of the delegates a lovely bouquet of white and pink carnations.

Thursday evening, young people's night was open to the public and the Evangelical Church was packed to capacity.

With the president, Mrs. McKinney in the chair the meeting opened with the singing of O Canada. The main feature on the program was the gold medal elocution contest taken up by the young ladies from various towns in the province. The program was interspersed with various musical selections, by the Ev. Church orchestra, a vocal solo by Miss Saugstad, an anthem by the United Church choir, and a vocal solo by Mrs. J. Clarke.

Though rather lengthy the gold medal contest was closely contested the judges finally awarding the prize to Lillian Wanop of Nanton. Mrs. D. J. Lonsberry of Lethbridge who announced the winner, first offered some good constructive criticism. The Didsbury contestant was Miss Amy Snyder.

Mrs. W. White, the vice-president from Nanton, stated that the banner awarded to the Union gaining the greatest number of members in the year was won by the Edmonton district with a gain of 108 members. The L.T.L. banner remains in High River with a gain of 10 members.

The president announced that the W.C.T.U., in their endeavor to increase the provincial membership from 1100, passed their expected 1500 mark before the convention just held. Next year they hope to attain the 2000 mark, which is the 25th anniversary of its Alberta inception.

A star pin was presented by the local president, Mrs. H. Reiber, to the members who had obtained 5 new members. The individual who obtained the most was Mrs. Swan of Lamont, gaining 35 to the union. She receives a life membership.

Wednesday evening being the last evening in Didsbury, Mrs. McKinney took the opportunity to express her and the visitors' thanks to the local union and friends who had contributed in no small measure in making the convention such a success.

Friday brought to a close one of the most successful three-day con-

## OBITUARY

The sad news of the death of Mr. Isaac Granum of Sundre, Alta., came as a great shock to the many friends and neighbors of his acquaintance.

While working alone in his own barnyard preparing for the threshers and in an attempt to put the grain rack on or off the wagon, it appears that part of the rack fixtures swung over and struck his head causing instant death.

Mr. Granum was born in the state of Wisconsin, April 24, 1855, and died October 6, 1928, in his 73rd year. He came to this province in the spring of 1918 and took up farming west of Sundre, where he resided up to the time of his death. He was well and favorably known as a man of principle and for many years took active part in Sunday School and other community welfare work.

He leaves to mourn his departure a sorrowing wife and five children, three daughters and two sons.

The funeral service was conducted eight miles south west of Sundre, by Rev. H. E. Roppel of Didsbury Evangelical Church. Interment was made at Bergen.

Mayor Swain and Mrs. Swain, and Dr. and Mrs. Brogden of Drumheller spent Sunday last in Didsbury the guests of Mr. and Mrs. W. A. Teskey. Mrs. and Mrs. H. Asseltine of Lomond also spent the week-end at the Teskey home.

ventions in the history of the provincial W.C.T.U.

During the year a new department, peace and arbitration had been added to the Union's activities. Mrs. P. J. Rowe of Beverly, was appointed to this office.

During the morning session a brief memorial session, conducted by Mrs. Roppel, was held in memory of 17 members who had passed away during the year.

## A New Feature In The Pioneer Columns

Those organizations, both in town and country, who cater to the public patronage in their social events, must keep an eye on our "Coming Events" notices which we are commencing this week. The season is near at hand when public functions hold sway. These "Coming Events" prevent a clash in dates, and as the Christmas season is not far distant, this feature will be found very useful. If you cannot conveniently call at the Pioneer Office a phone call will do the trick.

## Card of Thanks

Mrs. Caroline Granum and family wish to express their heartfelt thanks to the friends and neighbors for the kind sympathy and help extended during their recent bereavement.

Members of the Didsbury W. C. T. U. wish to take this means of expressing their sincere thanks to those who gave of their time and talent which helped to make the convention a success, and also to those who opened their homes to visiting delegates.

## Coming Events

A dance will be held at the Lone Pine hall on Friday, Oct. 26th. Bellamy's 4 piece orchestra.

October 31. Hallowe'en Night. Million Dollar Novelty Dance. Elks' 7-Piece Orchestra.

"How will woman look in 1950?" asks a magazine. Probably a few years older.

## The Farmer and the Research Worker

The prairie provinces of Canada have completed the harvesting and threshing of the greatest grain crops in the history of Canada, judged from the standpoint of volume. It is conservatively estimated that the wheat crop alone will not be less than 500,000,000 bushels, and that the other four principal grains, oats, rye, barley and flax, will add close to another 500,000,000 bushels to the total bringing Canada's grain yield for the first time within measurable distance of a billion bushel crop.

In almost every respect the season of 1928 was ideal from the standpoint of seeding, growing, cutting and threshing and the acreage seeded showed a substantial increase over former years. There was an absence of rust and other parasites, ample moisture, taking the country as a whole, and generally an absence of those conditions which result in a lowering of yield. The only fly in the ointment was the killing frosts of the third week in August which caught the later sown crops and those which from one cause or another had not matured. The result was disastrous from the standpoint of grades, and consequently materially lowering in prices of a large part of the total production.

According to a rough estimate of the Saskatchewan crop it is stated that about one-third of the wheat will be of the contract grades of 1, 2 and 3 northern, that another one-third will grade number 4, and that the remaining one-third will grade below that figure.

It is within the power of our farmers to partly offset the losses occasioned by dry seasons through the adoption of the most scientific methods of farming; they can increase yields and grades by using good, clean seed and by waging continuous warfare on noxious weeds; they can insure their crops against hail. But they stand helpless before the icy clutch of Jack Frost.

Addressing the annual convention of the Saskatchewan Division of the Canadian Weekly Newspapers Association, at Regina, recently, Hon. W. R. Motherwell said he knew of only one way to beat out Jack Frost, and that was to get ahead of him. He had reference to the development of wheat with earlier ripening qualities. In this connection he made mention of the valuable time gained through the development of Marquis over the old Red Fife, and brought the cheering message that as a result of the experiments this year with Garnet and Reward, there was every expectation that a further notable advance would be made. According to Mr. Motherwell where Reward wheat was grown by farmers in all the prairie provinces, under arrangements with the Department of Agriculture, in over 90 per cent. of cases Reward was safely in stock before the August frosts. He expressed himself as quite hopeful that western farmers would yet be in a position where they could and would beat out Jack Frost.

Experiments have been conducted for some time past to determine to what extent the drying processes for damp wheat affects milling and baking qualities, and recent announcement is to the effect that, on the whole, the quality of the wheat is not seriously affected.

Now the Universities of the three prairie provinces and the Dominion Research officials are engaged in determining the effect which frost has on milling and baking qualities. Hundreds of farmers this year have had the experience of marketing wheat, weighing the full sixty pounds or more to the bushel but which, because of frost effect on the chaff, has been graded away below what would otherwise have been obtained. Rightly or wrongly there is an impression that this frost, while marring the appearance of the kernel, does not seriously affect the quality, and that the producer is sustaining a loss all out of proportion to the amount of damage done the grain; that, in a word, while the farmer-producer loses, the miller gains because he secures good milling wheat at a much less cost. The scientists are now striving to get at the real truth of the matter.

Thus are research workers for Governments and Universities working hand in hand with the farmers in endeavoring to advance the interests and prosperity of agriculture,—through the development of earlier ripening grains, the elimination of rust, and in determining the actual effects of moisture and frost on the true commercial value of grain. The effort is to save hundreds of millions of dollars to the agriculturists of Canada.

Canada is spending more money than ever before in scientific research work, and the Dominion Government announces that such expenditures will be still further increased. No body of men in the Dominion stands to gain more from such work and expenditures than do the farmers of the West. The whole weight of their influence should be back of this enlightened policy.

Small boy: "Say, mister, give me a pound of oysters."  
Dealer: "We sell oysters by the measure, my boy, not by the pound."  
Small Boy: "Well, then, give me a yard."

## When Food Sours

About two hours after eating many people suffer from sour stomachs. They call it indigestion. It means that the stomach nerves have been over-stimulated. There is excess acid. The way to correct it is with an alkali, which neutralizes many times its volume in acid.

The right way is Phillips' Milk of Magnesia—just a tasteless dose in water. It is pleasant, efficient, and

harmless. It has remained the standard with physicians in the 50 years since its invention.

It is the quick method. Results come almost instantly. It is the approved method. You will never use another when you know.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

HONORED BY NEWSPAPER  
ASSOCIATION

SAM. R. MOORE

Publisher of the Swift Current Sun, President of Saskatchewan Division of the Canadian Weekly Newspaper Association.

### Canadian Weekly Newspaper Association

Saskatchewan Division Elects Officers  
At Convention Held in Regina

Sam. R. Moore, publisher of the Swift Current Sun, was the unanimous choice of the Saskatchewan division, Canadian Weekly Newspaper Association, as president for 1928-29. The election of officers was held at the closing session of the two-day convention of the organization held at the Hotel Saskatchewan, Regina. Officers elected are: Hon. S. J. Latta, honorary president; C. R. McIntosh, M.P., North Battleford, honorary vice-president; T. H. B. McCullough, the Review, Weyburn, immediate past president, Sam. R. Moore, president; H. G. Sheldrake, North Battleford, Optimist, vice-president; S. J. Dornan, the Despatch, Alameda, secretary-treasurer, and the following members of the executive, W. Ashfield, The Sun, Grenfell; B. M. Frith, The Recorder, Wakaw; R. Zubac, The Citizen, Kerrobert; W. T. Morphy, The Sun, Viscount; Andrew King, The Enterprise, Rouleau; S. N. Wynn, The Enterprise, Yorkton.

Upon the invitation of the Regina City Council and the Regina Board of Trade, Regina was decided upon as the meeting place for 1929.

### ARE YOU AFRAID OF YOUR MEALS?

Proof That the Stomach Is Weak  
and Needs Toning Up

Are you one of the many sufferers who dread meal time? Hungry, and yet afraid to eat, because of the pains and discomforts that follow. When the stomach is out of order the whole system suffers, and as the blood becomes thin and watery it becomes increasingly difficult to correct the digestive disorder. There is no tonic for the stomach that is not a tonic for the whole body; thus a blood-building tonic such as Dr. Williams' Pink Pills, not only relieves indigestion, but adds to the general strength. Mr. D. J. Shaw, Selkirk Road, P.E.I., has proved the value of Dr. Williams' Pink Pills in a severe case of indigestion and relates his experience for the benefit of other sufferers. He says: "I suffered from indigestion for a number of years. My case was so bad that words fail to describe it. My appetite was gone, constipation was present, and my nerves were all on edge. I could not sleep well at night, and the world was a dark spot for me. I tried a number of remedies, but without any benefit. Then Dr. Williams' Pink Pills were recommended, but without much faith, after so many failures, I decided to try them. After taking three boxes I noticed a change for the better. Then I got three boxes more and found I had a genuine remedy. I continued the treatment, took moderate exercise, could take plain food without suffering as formerly, and proved that these pills make good blood, and that this good blood will restore the stomach and nerves. Anyone suffering from stomach or nerve troubles will make no mistake in giving Dr. Williams' Pink Pills a fair trial."

Dr. Williams' Pink Pills are sold by all medicine dealers or will be sent by mail at 50 cents a box by The Dr. Williams' Medicine Co., Brockville, Ont. Write today for a copy of the free booklet "What to Eat and How to Eat."

Many of us are kept out of a lot of mischief by being out of funds.

Headache? Relieve with Minard's Liniment.

N. W. U. 1755

## ASPIRIN

Headaches may be swiftly and safely relieved by an Aspirin tablet. A most efficient remedy, and there's no after effect; its use avoids much needless suffering. Try it next time; see how soon its soothing influence is felt. Just as helpful when you have a cold; neuralgia, neuritis, rheumatism, lumbago. Just be certain you get real Aspirin—the genuine has Bayer on the box, and on every tablet. All druggists, with proven directions.

### Physicians prescribe Aspirin; it does NOT affect the heart

Aspirin is the trade mark (registered in Canada) indicating Bayer Manufacture. While it is well known that Aspirin means Bayer manufacture, to assure the public against imitations, the Tablets will be stamped with their "Bayer Cross" trademark.

The heart of the average adult is 5 inches long, 3½ inches broad and 2½ inches thick.

Minard's Liniment for sprains.

"Is Betty a good cook?"

"No, but she can change a tire!"

Cloth woven by Mayans 2,000 years ago in America has been found, according to Prof. Franz Blom, of Tulane University, New Orleans.

The need of the times is a vehicle you can ride down town and then fold up and carry into the office.

## Nail GYPROC right over Old Walls

### GYPROC Advantages for Farm Buildings

Easy to use.  
Low cost.  
Workable as lumber.  
Cannot warp, bulge, crack, shrink or burn.  
Takes any decoration.  
Resists heat and cold.  
Vermine proof.  
Eliminates repairs.  
Ideal for lining garages, poultry houses, barns, grain bins, and other farm buildings.  
Especially suitable for converting attics and basements into extra rooms.

How many rooms in your home have walls that are cracked and faded? Make them "good as new" by nailing Gyproc right over the old, unsightly wallpaper. When you've decorated with Alabastine your home will be as attractive and comfortable as any home can be.

Use Gyproc for partitioning off extra rooms, renovating attics and basements, and making grain bins, stables and other farm buildings fire-safe and vermine-proof. You can put it up yourself—easily, quickly and at a substantial saving.

Gyproc Joint Filler applied at all the joints insures a perfectly smooth, flat surface that will take any decoration.

## FINAL PAYMENT OF WHEAT POOL FOR 1927 CROP

Winnipeg. Cheques for the final payment of 24 cents per bushel on the 1927 wheat crop are now in the mail for Wheat Pool members in Manitoba, Saskatchewan and Alberta. Of the total amount distributed amounting to \$1,722,105.89, Manitoba's share is \$251,873.53. The Saskatchewan Pool received \$2,870,820 and Alberta, \$1,600,143.75.

"The final payment this year is a flat payment on all grades of wheat," it was stated by E. B. Ramsay, general manager of the Central Selling agency. "As all marketing costs and all deductions for commercial and elevator reserves were made from the last interim payment, the Pool's final price for the past year on No. 1 Northern, Fort William, was \$1.424 per bushel, as compared with \$1.42 paid last year, \$1.45 in 1926, \$1.66 in 1925, and \$1.01 paid by the Alberta Pool in 1924."

Regina. President A. J. McPhail commented on the fact that the payment this year is somewhat earlier than the final payment from the 1926 crop, which was made on October 19 last year.

"A detailed report of the operations of the Pools for the crop year 1927-28 is, of course, not yet available, and will not be available until the annual meeting of delegates, which takes place on November 20, but it is sufficient to say at this time that the Pool management are satisfied with the showing made during the past year. They are confident that many Pool members did not expect the final price to be so generally satisfactory, and I can only repeat what I have already stated on previous occasions, that the Pool organization, as a wheat marketing agency, can only be effective to the extent that it is both efficient in management and in control of the largest possible volume of the total marketable wheat from Western Canada. It is, I think, generally admitted that the Pool organization is to be commended for the progress made to date in building up so rapidly such a huge organization, and we hope that our efforts will be assisted in the future by the addition of many million bushels more of Saskatchewan wheat, now marketed outside of the Pools."

## Tuberculosis In Cattle

Disease Being Eradicated By Means Of Restricted Areas

Ottawa, Ont. — Tuberculosis in Canadian cattle is rapidly being eradicated through the operation of the restricted area plan, Dr. George Hilton, veterinary director-general of the department of agriculture, declares.

Where in some areas as high as 7.9 per cent. of cows had been found infected on the first tests, re-tests had shown a general falling off to approximately one-half of one per cent.

"There is a persistent and increasing demand upon the department for restricted areas," Dr. Hilton said.

"Farmers have found that by replacing infected animals with high class stock they receive greater financial returns with less work."

## Robbery Motive Suspected

Saskatoon. — Belief that Mike Harrison, whose body was found on blood-soaked newspapers beside the C.N.R. tracks near Saskatoon, was the victim of foul play, was strengthened when it was discovered he had received \$195 pay from a farmer a few days before his death. There was only 15 cents in his pocket when he was found dead, his skull badly smashed, and wounds on his back.

## Floods Hamper Relief Work

West Palm Beach, Fla. — Rehabilitation tasks in the hurricane devastated area about Lake Okeechobee have been seriously hampered by flood waters. The lake and surrounding streams and rivers were out of their banks after heavy rains. Thousands of acres of farm land were under water.

N. W. U. 1755

## Unemployment Insurance

Question To Come Up For Consideration When Ottawa House Meets

Ottawa, Ont. — Unemployment insurance, which was the subject of investigation by the industrial committee of the House of Commons last session, will be given further consideration when parliament convenes again. This assurance was given by Hon. Peter Heenan, Minister of Labor, who stated that the majority of the provinces of the Dominion already had declared themselves upon the proposal.

In its report the industrial relations committee accepted and endorsed the principle of unemployment insurance, based on compulsory contributions derived from the state, the employer and the employee. The report further pointed out that the responsibility for such legislation primarily rested with the provincial governments.

On the basis of the committee's findings the department of labor communicated with the various provinces to ascertain which of them would be prepared to consider adopting the proposal and to what extent they were willing to go at the present time. Mr. Heenan intimated that these replies would be submitted to parliament at the next session. The minister refused to divulge the views of the provinces in the matter.

## New Varieties Of Seed Wheat Ready

Demand For Garnet and Reward Greater Than Supply

Ottawa. — Nearly 25,000 bushels of seed wheat of the Garnet and Reward varieties will be provided by the Department of Agriculture this year, it is learned. The demand is stated by officials to be greater than the supply.

The new varieties were developed by L. H. Newman, Dominion cerealist, at the experimental farm here. The grain ripens from seven to ten days earlier than other varieties.

Last year's sale of seed grain amounted to approximately 3,000 bushels. So satisfactory have the results been that this year's production at the experimental farm will not nearly meet the demand. It is sold to the farmer at \$3 per bushel.

## Sails For Antarctic

Commander Byrd Commences Expedition To South Polar Regions

Los Angeles, Cal. — With thousands of his fellow countrymen at the harbor to wish him well, Commander Richard E. Byrd, U.S.N., turned his face this afternoon toward his newest adventure in the ice-crusted regions of the South Pole.

The expedition, which embraces 32 members, will cost approximately \$1,150,000. The money was raised by contributions from all parts of the United States. The primary purpose of the trip is to make accurate maps and procure important meteorological and other data of the South Polar regions.

## HAS SETTLEMENT PLAN

Lord Melchett, formerly Sir Alfred Mond, who is in Canada. He proposes land grants to settlers by the Dominion and the financing of the undertaking by Great Britain as a solution to the British unemployment problem.

## Order Will Be Repealed

Canadian Residents Working In U.S. Are Not Immigrants According To Ruling

Washington, D.C. — Order eighty-six of the United States immigration department may be formally repealed within the next week or so. Promulgated on April 1, 1927, the order caused international turmoil until the Supreme Court of the United States technically nullified it by refusing to review the judgment of a New York circuit court of appeals, setting aside its provision that Canadian residents working on the U.S. side of the border were really immigrants, and must conform to all requirements of the U.S. immigration laws.

## Conditions Are Improving

Department Of Labor Reports Fewer People Unemployed

Ottawa, Ont. — Material improvement in employment conditions throughout Canada during the current year is revealed in figures dealing with employment placements released by the department of labor. Up to the end of August, employment was found for 285,714 applicants at the various public employment offices in the Dominion. In the first eight months of last year work was found for 239,570 applicants.

## China Inaugurates President

Shanghai, China. — General Chiang Kai Shek has been inaugurated president of China. For the first time in 17 years of her history as a republic, China thus attained a unified central government. This was a national holiday. Chiang was installed at Nanking, the Nationalist capital, with impressive ceremony, amid general rejoicing. He was made chairman of the Nationalist government council, with the title of president.

## Farmhand To Stardom

Gordon McLeod, Now Touring West, Once Worked On Saskatchewan Farm

Winnipeg, Man. — A former Saskatchewan farm hand is now visiting the west under circumstances which can best be described as offering several varieties of vivid contrast. Years ago, as a lad, he was one of the humble toilers at the Indian Head Experimental Farm. He also, during that portion of his career, worked for a time at the Imperial Hotel there. At this moment, he is a stage celebrity.

The ex-harvester and student of the evening chores is Gordon McLeod, now heading his own London company on a transcontinental theatrical tour after being pitchforked into fame last year when he took Sir John Martin-Harvey's place on an hour's notice. Sir John was stricken ill in Toronto, and young McLeod filled the breach so sensationally that a number of Canadian financiers came forward and offered him the means to step into stardom.

Between the date of his earlier exertions at Indian Head and his present visit to the same vicinity, he has played in China, Japan, Burma, from Cairo to Singapore, and from South Africa to London. During the war, he served under General Smuts in the campaign against German East Africa and later, as a junior lieutenant in France.

He has previously been starred in London, but this present year makes the first occasion on which he has scaled the theatrical heights for an international tour.

## Many Killed When Building Collapses

Faulty Material and Hasty Construction Blamed For Accident

Prague. — The catastrophic collapse of a newly-constructed seven-storey building here may have taken a toll of 64 lives or more, it is feared.

Most of the victims were workmen putting the finishing touches on the building. Faulty materials and too hasty construction are blamed for the collapse.

The architect in charge of the construction of the building committed suicide when informed of its collapse. A woman pushing a baby-carriage was buried beneath the avalanche of brick and masonry with her child. A chauffeur passing in a motor car suffered the same fate, as did two coachmen and the four horses pulling their vehicles. About a hundred workmen were in the building when it collapsed.

## Will Reveal Pact

London, Eng. — It is understood that the cabinet has decided to publish a white paper containing full details of the discussions leading to the Franco-British naval compromise proposals with relevant documents and the replies from the powers consulted as soon as certain outstanding formalities are completed.

## A WELCOME FOR SETTLERS FROM THE BRITISH ISLES

London, Eng. — "No bigger untruth was ever offered in respect to a nation and a country than to say that Canada does not wish to have migrants from the British Isles," Premier Mackenzie King of Canada declared emphatically in the course of a lengthy speech on Canada's immigration question and diplomatic representation abroad at the annual banquet of the Canada club here.

"Not only do we wish to have but we are prepared to advance money for their passage and indeed in some cases pay the entire passage for those whose labor we specially need," the Canadian Premier stressed after outlining the prosperity of Canada at present and the exceptional opportunities the Dominion held for migrants.

Hon. Charles Dunning, minister of railways for Canada, followed Premier King with a statement that he believed many of the British miners-harvesters who went to Canada this fall would remain in the west.

This experiment was merely the extension to Britain of the practice followed in Canada for 20 years, he remarked. Eastern Canadians had been going west on harvest excursions for two decades and many had settled permanently in western Canada.

The speaker strongly deprecated the idea that any considerable proportion of people without experience in Western Canada could be expected to start immediately to become successful farmers on their own account. Assisted settlement schemes could not in this way be wisely extended, he added.

A "certain type of propaganda appearing from Canada in the British press, conveying the impression that Britons are not wanted in Canada" was strongly condemned by the minister.

## Winston Churchill Joins Union

Chancellor Of Exchequer Is Identified With Building Trade Workers

London, Eng. — Winston Churchill, chancellor of the exchequer, who made quite a reputation as a bricklayer while handling a trowel in the building operations at his home in Kent last summer, has made himself one with his fellow craftsmen by joining the Amalgamated Union of Building Trades Workers. The chancellor who paid his entrance fee by cheque will receive his union card shortly.

Notifying the new recruit to trades union ranks that he will be pleased to enroll him as a member, James F. Lane, divisional secretary, sent Mr. Churchill a copy of the rules mentioning the entrance fee of five shillings and a weekly contribution of nine pence.

"This," Lane wrote, "entitles you in addition to trade protection to one pound a week should you be called out on strike and to additional unemployment benefits should you at any time fall out of employment."

Under the regulations any one employing the chancellor as a bricklayer in the future must pay him the minimum wage.

## Chamberlain Will Travel Across Canada

Reaches Victoria October 29, and Sails From Quebec November 13

Ottawa. — Sir Austen Chamberlain's Canadian schedule has been given out here. He will arrive at Victoria on the afternoon of Monday, Oct. 29, remaining there until Wednesday, Oct. 31, when he leaves for Vancouver, where he spends Wednesday night. Sir Austen will leave Vancouver for Banff on Thursday morning. He will leave Banff on Sunday, Nov. 4, and arrive in Toronto early Wednesday morning, Nov. 7.

The next evening he will leave for Ottawa, arriving in the capital on the morning of Friday, Nov. 9. His stay in Ottawa will continue until Tuesday, Nov. 13, when he leaves to spend one day in Montreal. From Montreal, Sir Austen goes to Quebec, arriving in that city on the evening of Nov. 14. He will sail from Quebec the next day.

## WELSH IMPERIAL SINGERS

The famous Welsh Imperial Singers who arrived in Quebec on the White Star liner "Laurentic" recently. They are on a world tour under the leadership of Mr. R. Festyn Davies.

**Didsbury Pioneer**

Established 1903.

DIDSBURY - ALBERTA  
Published every Thursday.

Subscription Rates: \$2.00 per year, \$1.00 six months; 50 cents extra to Great Britain and the United States. Payable in advance.

Legal, government, and municipal advertising, 16 cents per line first insertion, and 12 cents per line (unchanged) each subsequent insertion. Local readers ten cents per line.

Classified Advertising: For Sale, Articles Wanted, Lost, Stolen, or Strayed, etc., 10 cents a line first insertion, (count six words to the line), and 5 cents a line each subsequent insertion (unchanged). Business Cards, special rate of \$1.00 per month (1 inch) or \$11.00 per year if paid in advance.

Card of Thanks (not exceeding six lines) 50 cents per insertion.

Obituary poetry 10 cents per line. Transient advertisements to be paid for when ordered.

Display advertising rates on application at the office.

Changes of advertisements must reach the office not later than noon Tuesday to ensure insertion in the issue of that week.

E.J.C. GOODER, Editor &amp; Manager.

**A DELICATE SUBJECT**

Some people besides ourselves have diverse methods of running a newspaper. Some tell us, others refrain. Perhaps they are not doing us a kindness by so doing. Constructive criticism is beneficial to all concerned.

It costs money to run a newspaper. The advertising is one feature. Paid up subscriptions are another. Three-ton presses cannot be operated by kind words or promises. Presses and costly equipment cannot be maintained unless we have the co-operation needed from one and all alike. Running a newspaper is not what some think it to be.

The other day a gentleman remarked in a jovial way the label on his Pioneer was not pasted on securely, it was also crosswise. Alright. We looked up the date in our subscription list and he was two years behind in his subscription. A peculiar coincidence. Perhaps if his subscription was paid up to date his label would have taken the trouble to look at him straight. He's not the only one who thinks, as Joseph Howe once said, that the freedom of the press to some people means taking a paper for a number of years—if he can get away with it—and then finding some excuse for not paying up.

Some people like our paper and have told us so. We haven't had any complaints yet, but WE have—just one. It is to those who receive our paper weekly and when in town never think of dropping in our office to pay up. It costs money to send out "dunners." It takes time. It is our ambition to have a clean subscription list. Will you help us?

**ECONOMICAL ADVERTISING**

Competition for business is keen, and likely to remain so. This year and the years following are a time to buy advertising economically, to match in advertising the increased efficiencies of production.

Newspaper advertising is a low-cost, productive, localized advertising. It is the logical aid of business at a time when volume is large, when hand-to-mouth buying puts a premium upon flexibility and control. Newspaper advertising permits more speed because it has four-wheel brakes.

Newspaper advertising can be focused without waste upon the markets of the greatest buying nation on earth. It reaches the greatest number of people and its seed is sowed in fertile soil. That is, the merchant buying newspaper advertising space knows it is covering his trade area and reaching the maximum number of old and prospective customers in that territory.

The Pioneer is leader in this rich market for advertised goods. Its readers look to it for shopping information and news of the commercial world, and its advertisers look to it to appraise the public of shopping advantages and opportunities they offer.

Newspaper advertising, and newspaper advertising alone, can sell everything from patent medicine to automobiles. It has done it, is doing it and will continue to do it.

It is said that aviation has made forty-five new millionaires. Amongst them, we assume, are a few undertakers.

**LOCAL & GENERAL**

Mr. and Mrs. Jack McCoy were Calgary visitors yesterday.

Ellwood Evans, who is attending Calgary normal school, was a visitor in town over the week-end.

Mr. and Mr. E. G. Ranton were passengers on yesterday's flyer to the southern metropolis.

George Lowe and Alf Allen of the Royal Bank staff spent the week-end in Calgary.

Mr. Alymer Liesemer of Meleod spent the week-end at the home of his parents in town.

W. C. Fields and Chester Conklin in "Two Flaming Youths," at the movies, Didsbury, Wednesday, October 24th.

Mr. Bert Fox of Ponoka, formerly in the local depot here (17 years ago) was a visitor in town last Thursday renewing old acquaintances.

Miss Ida B. Granum of Seattle, Wash., is visiting at her home at Sundre being called home last week by the death of her father, the late Isaac Granum.

A meeting of the Hockey club will be held in the C.P.R. waiting room at 8 p.m., tomorrow (Friday) night. All those interested in hockey are asked to be on hand.

The greatest love drama on the screen, "The Mysterious Lady," with Greta Garbo, Saturday, October 20th at the Mayfair Theatre, Didsbury.

Mr. and Mrs. Elmer Marks were visitors to Innisfail on Friday last to be present at the golden wedding anniversary of Elmer's grandparents, Mr. and Mrs. Geo. S. Kirkham.

Miss Victoria Thomson, L. R. A. M., teacher of piano, Red Deer, wishes to announce she will be in Didsbury on Fridays and Saturdays instead of Thursdays and Fridays. For appointment Phone 106.

Owing to pressure of space this week, the report of the meeting of St. Hilda's Chapter, O.E.S., will appear in next week's issue. The report of the meeting of the Curling Club held Tuesday evening last, will also appear next week.

Mrs. J. E. Liesemer has returned from Chicago with her little granddaughter. Mrs. Liesemer's friends will be pleased to hear that her daughter, Mrs. Wilton-Clark is rapidly recovering her good health under the care of Dr. J. H. Tilden of Denver, Col.

The dance on Friday night under the auspices of the Hockey Club went over with a "bang." The Mayfair Theatre was almost filled to capacity, and the large crowd danced to the strains of the Carstairs Merry Makers.

The proceeds of the dance will go toward providing new uniforms for the local hockey team.

The Didsbury friends of Goldie Liesemer will be pleased to hear of his progress at the University of California, Berkeley. Recently at the beginning of his final year Goldie was elected to membership in California Alpha of Tau Beta Pi. This is the most signal honor that can be granted American Engineers and Goldie is indeed to be congratulated upon the scholarship that won him so coveted a position.

Handy scratch pads at the Pioneer Office, 3 for 5 cents.

**Victim of Automobile Accident In Hospital**

Mary Eitner of Calgary, lies in a somewhat improved condition today following an automobile crash on the northeast outskirts of town Sunday morning last when the car in which she was a passenger was struck by one driven by Ben Rosenberger of Didsbury.

For a time it seemed that her condition was critical and Dr. Bouck of Calgary was summoned on Monday to assist in a major operation. Her condition has since turned somewhat for the better and at the time of going to press she is lying easier in the General Hospital.

**LUTHERAN CONFERENCE HELD IN DIDSBURY**

The Southern Alberta Pastoral Conference of the Lutheran Church convened here from Tuesday to Thursday of the foregoing week.

An elaborate program consisting of essays presenting the following themes: "Christian Liberty," "Spiritual Gifts of Yesterday and Today," "The Duty of Pastors to Inculcate Christian Giving," and "The Pastor's Conduct Over and Against His Fellow-Pastors" was duly carried out, while a cursorial study was made of the First Epistle of Paul to the Corinthians with practical applications to the congregational life of today. All sessions proved highly interesting throughout.

Discussing the advisability of women occupying teaching positions in the church, the conference, in conjunction with its discussion on spiritual gifts, reaffirmed its former stand, that according to I Cor. 14:34 and I Tim. 2:11-12 no woman should be permitted to hold such a position, when the authority over man is thereby usurped. Women, however, might teach children in the Sunday School and the Christian Day School, since no usurping of authority is thereby involved.

No small amount of time was devoted to the discussion of Young People's Work. The work among young people was recognized as one of the most difficult tasks confronting the church, yet as a task, the necessity of which dare never be overlooked. Without the youth of today the church of tomorrow would cease to be. All pastors were therefore encouraged to continue this work, and where it has not yet been intensively begun to do so at once.

Extremely interesting was the report of the Director of Missions, Rev. C. Thies, of Edmonton. Though confronted by almost insurmountable obstacles, the work of the B.C. brethren, according to the report, was constantly forging ahead. "What our men need there," the speaker in gist declared, "is not more material to win for the church, but more churches, more missionaries, and a greater financial support on the part of our laity." Three new automobiles were to be placed at the disposal of the men in the field to shorten the distance.

On Wednesday evening a pastoral service was held, in which Rev. J. E. Herzer, of Calgary, delivered the pastoral sermon, and Rev. W. Raedecke, of Medicine Hat, the confessional address.

The roll call showed the following pastors present: J. Herzer, W. Werning, W. Wachlin, Calgary; W. Duensing, Champion; K. Ziegler, Claresholm; M. Cohrs, A. Schmidt, Lethbridge; W. Raedecke, Medicine Hat; W. Kautz, Youngstown; Rev. C. Thies, Director of Missions, Edmonton; C. Nissen, Didsbury.

At the close of the sessions a hearty vote of thanks was extended the Didsbury Lutherans for the kind hospitality which they so generously provided.

Heard at the barber shop: "Wet or dry, madam?" "Never mind my politics—comb my hair."

Patronize our advertisers and build Didsbury.

**RUPTURE EXPERT HERE**

F. H. Seeley, of Chicago and Philadelphia, nationally famous expert, will himself personally be at the Palliser Hotel, and will remain in Calgary Sunday, Monday, Tuesday and Wednesday only, Oct. 21, 22, 23, 24, from 9 a.m. to 5 p.m. daily. Mr. Seeley says:

"The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position no matter the size or location. Large or difficult cases, or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions, with distinguished personal patrons of all nations."

"His method has always been most satisfactory."—Late Dr. Edward Shippen, former Medical Director, U.S. Navy.

This instrument is the same as supplied to Surg. Gen. Bureau, U.S. Naval Hospital.

—Penn. R. R., Etc., Etc.

He will be glad to demonstrate without charge or fit them if desired. Business demands prevents stopping at any other place in this section.

N.B.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. SEELEY.

CAUTION.—All cases should be cautioned against the use of any elastic or web truss with understraps, as same rest where the lump is and not where the opening is, often resulting in strangulation.

Home Office, 117N Dearborn St., Chicago, Ill.

## ITEMS OF INTEREST

Great interest is being taken in the Million Dollar Novelty Dance to be held in the local theatre on Wednesday, October 31st, which is being promoted by the Hockey Club. The Hockey boys are sparing no effort in an endeavor to make the coming novelty dance the best ever held in Didsbury. The Olds Elks 7-piece orchestra has been engaged for the occasion, whose members are noted for their perfect dance rhythm.

## A VISIT TO THE CHILDREN'S HOSPITAL

One of the "show places" of the capital city of Alberta is undoubtedly the Red Cross unit at the University Hospital, where the sick and crippled children of the province are receiving the best surgical skill and nursing care.

First to attract attention is the fine spacious sun-porch with its huge glass windows and doorways to admit all the strong Alberta sunshine that is possible.

Rows upon rows of little cots, many with the names of the donors are arranged within and the visitor stands amazed at the beauty and completeness of these up-to-date wards.

Flowers are everywhere with their message of cheer and goodwill. Radio receiving sets, loud speakers, etc., tell of the kindly hearts that are ever planning for the comfort of the children.

The visitor pauses at the entrance while a student-nurse comes forward with a white gown, which must be worn while visiting the patients. The little nursery wards are right at the door, and through the glass we see tiny babies with little pink toes poking out from their plaster casts. The diminutive cots invariably draw forth admiration from women visitors, to whom the sight of a new baby with crooked limbs is indeed a tragedy.

The young patients in the boys' and girls' wards come from the northern and central part of the province, and are found to be of many nationalities. An Indian girl and a negro lad are amongst the many types seen here, each and all with a smile for the visitor and a word of hope that they will soon be well enough to get out of bed and walk. The cures take a long and often tedious time, but the hospital days are filled with many interesting tasks, such as weaving on a little bedside loom articles of use and beauty, or making little boutonnieres of beads of many colors.

The Red Cross cordially invites the public to inspect their new unit at the University Hospital in Edmonton and see what service it is they are asked to support during the present campaign.

## GLIMPSES FROM THE PAST

### 20 YEARS AGO

Messrs. F. N. Ballard and A. Studer took in the excursion to Spokane last week.

The government bridge gang is erecting a new bridge over Hunsperger's coulee, on the south road. Settler suffered severe loss by fire when fully one half the business portion of the town, Oct. 13th. There was one victim, a young man, suffocated by the rapid spread of the conflagration.

### 15 YEARS AGO

Neapolis notes: H. E. Pearson is building a fine new roomy addition to his home.

Mrs. R. C. Oldham was visiting friends in Didsbury on Friday.

Didsbury eleventh fall fair held on Tues. and Wed., Oct. 7-8 was in every way a decided success.

### 10 YEARS AGO

Married—Mr. Martin H. Brown of Westdale to Miss Blossom Slaight of Harmattan, by Rev. D. C. Eby, at the home of the bride.

Mr. Wm. McCulloch, east of town, lost six big stacks of grain by fire recently, valued at about \$1,000.

A very satisfactory report of the Red Cross was presented at the meeting of the Society. Total receipts \$4,428.19 and expenditure \$4,549.29.

## A Serious Offence

It has been drawn to our attention recently concerning the increase in the number of cases of persons using previously used postage stamps in payment of postage on mail matter.

On July 26th F. Tornowski of Trochu, posted a letter at that office bearing three previously used two cent stamps, two of which bore evidence of an attempt to remove the official cancellation marks. He was arrested and charged with using previously used stamps with fraudulent intent and also with removing cancellation marks. On the former charge he was found guilty and fined \$10 and costs. On the second charge he was committed for trial at the next District Court at Calgary and allowed out on bail of \$1000 pending trial.

In the District Court at Calgary on October 10th, Judge McDonald found Tornowski guilty of removing used postage stamps from mail matter with intent to defraud; also found him guilty of attempting to remove cancellation marks with intent to defraud. Sentence of \$10 and costs on each charge or thirty days in jail was imposed on Tornowski, and in sentencing him the Judge explained that while there was no doubt of the man's guilt, he was dealing leniently with him because he had only been in the Country a little more than a year. Tornowski paid the three fines totalling \$30.00 and costs and was seriously warned.

## WHEAT POOL NOTES

The Alberta Wheat Pool has made its final payment, being 2½¢ per bu. for wheat delivered to the 1927-28 Pool, except for a few minor grades.

The Pool paid the following prices for wheat delivered from the 1927 crop. 1 Northern, \$1.424; 2 Northern, \$1.354; 3 Northern, \$1.254; No. 4, \$1.144; No. 5, \$1.014; No. 6, \$24; Feed, 85¢.

When the Wheat Pool distributed its second interim payment last July, 4¢ per bu. were retained to provide for elevator reserve, commercial reserve and administration cost. It was found that 3½¢ per bu. were required for these purposes so the one-half cent balance was included in the final payment along with the 2½¢ per bu. received from the Central Selling Agency.

The administration costs during the past year were 9/20 of a cent a bu. The elevator reserve deduction was 2¢ per bu., and the commercial reserve was 1 1/20¢.

The elevator reserve now totals approximately \$3,650,000. This money has been used to pay for over 300 elevators and the Alberta Pool's share of the terminal elevator at the Head of the Lakes. The commercial reserve now totals approx. \$1,750,000.

These reserve funds are required to develop the physical facilities of the Wheat Pool that the organization is extending very rapidly at the present time. An aggressive elevator building program is being carried out.

Each member is credited with his share of the elevator reserve and commercial reserve according to the number of bushels delivered. Interest at the rate of 6% is paid to each member in cash. In this way a real asset is being built up for the growers and at the same time the organization is building up a comprehensive and modern elevator system.

The issuing of the final payment for the 1927 crop ends the business of the Wheat Pool's first five-year contract period. During that time the Canadian Wheat Pool handled approximately 750,000,000 bu. of

grain, with a turnover of one billion  
one hundred million dollars.

The Pools are entering the second  
contract period with a splendid membership,  
increased confidence and \$20,000,000 in physical assets. They  
are now handling the bulk of their  
own grain and are working steadily  
and surely on comprehensive plans  
to develop Pool facilities all alone the  
line.

In making this final payment the  
Alberta Wheat Pool issued 47,000  
cheques. This required the labor of  
40 employees for three weeks. Before  
cheques are issued the ledger  
accounts have to be balanced in  
dollars and cents. Then the cheques  
are issued and balanced. In this  
way the number of errors are at a  
minimum.

## To Combat Sow Thistle

J. E. McIntosh in the Farmer's  
Advocate tells farmers of two ways  
to combat sow thistle. One of  
these methods is to spring-plow any  
badly infested land, and so at once.  
The grain comes up almost immediately,  
while the thistle seems to  
require several weeks to get  
started again and so is kept in check  
throughout the season. The other  
and surer way of keeping ahead of  
this enemy of ours is what our college  
professors call the "short rotation,"  
but, in a little plainer English,  
sowing down to some kind of  
hay crop every third year. Sow  
thistle has practically disappeared  
from the second crop of timothy or  
clover, and very little of it will  
come up in the crop of grain that  
follows. What more could we want  
or hope for?

## WORLD HAPPENINGS BRIEFLY TOLD

The demand for registered seed next year will be even greater than in previous seasons in the opinion of the Saskatchewan Registered Seed Growers' Association in Moose Jaw.

Dr. S. Parkes Cadman, chairman of the China famine relief organization in New York City, received information of the reported massacre of about 200,000 persons by fanatic Moslems in Kansu Province, China.

For the twelve months ending August 31, the Dominion Bureau of Statistics reports that alcoholic beverages valued at \$23,816,178 were exported from Canada to the United States.

More than 1,000 Saskatchewan old timers were in receipt of old age pensions under the plan approved at the last session of the provincial legislature at the end of September and there are about 2,000 more applications under investigation.

Capt. T. P. Workshop, 64, formerly Port warden of Vancouver and one of the first to operate a vessel on the upper Yukon river during Klondike gold rush, died at his home in Kamloops, B.C., after an illness of several months.

Stocks of surplus military explosives, including more than 126,000 pounds of TNT, accumulated by the government during the World War, have been put to industrial uses, the United States Bureau of Mines reports.

Men would do well to copy the fair sex in the matter of scant garments, Dr. Gerald S. Webb, of Colorado Springs, told physicians conferring at the New York Academy of Medicine. Short skirts and light clothing worn by women prevent pneumonia, he said.

## Animals

Minard's heals bruises, sores, sprains, saddle boils, distemper, etc.

## Knew He Was Safe

"I think we should tak' a walk down the toon and see the shops, lassie," said an Aberdonian to his wife.

"But they're a' shut," she replied. "D'ye think I didna ken that?" he said. "I'm no' daft a' th' gither."

## HE DIDN'T THINK DYSENTERY COULD BE RELIEVED

Mr. John Melling, Fenner, Alta., writes:—"I am a returned soldier, and when I came home from overseas I suffered greatly with dysentery. The doctor said it was chronic and did not think it could be relieved. However, he doctored me for quite a while, but did me no good. One day the druggist asked me if I had ever tried

"On his recommendation I bought a bottle and after I had taken it got some relief, so I got two more, and have never had the dysentery since 1925."

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

## Shortage Of Butter

Canadian Production Not Keeping Up With Domestic Requirements

J. A. Caulder, President of the National Dairy Council of Canada, told the delegates to the annual meeting of the Dominion Mortgage and Investments Association, that Canada this year would be 15,000,000 or 20,000,000 pounds short of supplying her own butter requirements. The dairy industry has not kept pace with increased population, he said, and Canada had the highest per capita consumption of butter in the world—approximately 28 pounds a year.

## WHEN YOUR BABY CATCHES A COLD

In spite of all precautions little ones will take colds—especially during the changeable days of our Fall season. When the first symptoms appear—sneezing, redness of the eyes, running nose—Baby's Own Tablets should be given at once. They will rapidly break up the cold and prevent more serious complications.

Mothers who keep a box of Baby's Own Tablets in the home always feel safe. In fact they are like having a doctor in the house. They are a gentle but thorough laxative that sweeten the stomach and regulate the bowels, thus driving out constipation and indigestion and relieving the baby of the many childhood ailments which are the direct result of a clogged condition of the bowels or sour stomach. They are absolutely safe—being guaranteed to contain no drug at all harmful to even the youngest babe. They cannot possibly do harm—they always do good.

Baby's Own Tablets are sold by all medicine dealers or will be sent by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## Value Of Tourist Traffic

No Official Figures On Amount Of Money Spent Have Been Given Out

How much money do people from the United States leave in Canada every year? No official figures have been given out, but guesses run all the way from \$100,000,000 to \$400,000,000. The Royal Bank of Canada estimates that \$275,000,000 was left by United States visitors to Canada in 1927, compared with \$140,000,000 in 1925.

This year traffic has been unusually heavy. In Quebec, which 3,430 cars from the United States entered in 1925, 425,000 cars were expected to enter this year. Ontario shows a much larger figure, but the length of stay is less.

It is estimated that 3,000,000 cars from the United States will have entered Canada before the close of the present year. Canada, seeing what is ahead, is busy spending millions of dollars for good roads.

An Oil Without Alcohol.—Some oils and many medicines have alcohol as a prominent ingredient. A judicious mingling of six essential oils compose Dr. Thomas' Electric Oil, and there is no alcohol in it, so that its effects are lasting.

## Has Visited Many Countries

The Prince of Wales must by this time be one of the most widely travelled young men of his age. When he returns in January he will have officially visited 27 countries—Canada, Australia, India, South Africa, New Zealand, Malta, Gold Coast, British East Africa, Kenya, Tanganyika, Rhodesia, Nigeria, Basutoland, Sierra Leone, Malaya, West Indies, United States, Argentina, Chili, Egypt, Spain, France, Belgium, Uruguay, Central America, China, and Japan.

Singing Master—Your wife's voice is greatly improved. Husband—Yes, but not cured yet.

Minard's Liniment for aching joints.

## Winnipeg Newspaper Union

A Frock Of Distinction

Decidedly smart is the frock pictured here. The pointed bodice is joined to the skirt having plaits at front and a slightly flared back, a shaped collar, and long sleeves gathered to deep cuffs. No. 1576 is in sizes 34, 36, 38, 40 and 42 inches bust. Size 36 requires 3½ yards 39-inch or 2½ yards 54-inch material, and ¾ yard 39-inch contrasting for View "B." Price 20 cents the pattern.

Every woman's desire is to achieve that smart different appearance which draws favorable comment from the observing public. The designs illustrated in our new Fashion Book are originated in the heart of the style centers and will help you to acquire that much desired air of individuality. Price of the book 10 cents the copy.

## For COLDS of All the Family

### This Modern External Treatment is best

Mothers prefer the external treatment, Vicks VapoRub, for children's colds, because it avoids the constant "dosing" so disturbing to delicate little stomachs. You just rub it on the throat and chest at bedtime.

Other members of the family prefer Vicks for their own colds, because it is convenient, and quick in bringing relief.

For free sample, write Vick Chemical Co., No. 1 Lee St., Greensboro, North Carolina, U.S.A.

**VICKS VAPORUB**

Acts 2 Ways at Once

## SUNDAY SCHOOL LESSON

OCTOBER 21

### CHRISTIAN STEWARDSHIP

Golden Text: "First they gave their own selves to the Lord."—2 Corinthians 8:5.

Lesson: 2 Corinthians 8:1-9, 15.

Devotional Reading: Psalm 95:1-7a.

### Explanations and Comments

The Example Of Christian Generosity Given By the Churches In Macedonia, 8:1-5.—Paul calls to the mind of his readers, the Christians of Corinth, the example in generosity of the Macedonians (the churches of Philippi, Thessalonica and Berea), and ascribes the latter's large collection for the poor at Jerusalem to God, whose grace, or love, moved them to generosity. Affliction which had put their Christian character to the proof (1 Thess. 2:14), their overflowing joy (1 Thess. 1:6), and their dire poverty, had resulted in spiritual riches, great liberality. For they gave willingly as they were able, and indeed more than they were able, as he, Paul, could testify. Perhaps Paul at first thought the Macedonians too poor themselves to share in this collection, for he now says that they begged the privilege of joining in this grace and fellowship. "The contribution of the Macedonian Christians was really comparable to the giving of the widow's mite."

"Strange to say, it is not those to whom the gospel comes easily, and on whom it imposes little, who are most generous in its cause. On the contrary, it is those who have suffered for it, those who have lost by it, who are as a rule most open-handed. Comfort makes men selfish, even though they are Christian; but if they are Christian, affliction, even to the spoiling of their goods, teaches them generosity."—James Denney.

The collection was to minister to "the saints" (Paul's term for Christ's followers) at Jerusalem. There were several reasons for their poverty. "The religious prejudices of the Jews, amongst whom they lived, entailed upon them constant social persecution, even in times of comparative peace; the claims of Christian visitors upon their hospitality were heavy; the maintenance of the apostles and of a disproportionate number of Christian teachers threw on them an undue share of Christian burdens. But whatever the causes of their poverty, it was certainly chronic."

As a vermifuge an effective preparation is Mother Graves' Worm Exterminator, and it can be given to the most delicate child without fear of injury to the constitution.

Scotchmen are said to be untidy, but they like their whisky neat.

### Demand For Registered Seed

The demand for registered seed next year will be even greater than in previous seasons in the opinion of the officials of the Saskatchewan Registered Seed Growers' Association in Moose Jaw.

The Oil Of Power.—It is not claimed for Dr. Thomas' Electric Oil that it will remedy every ill, but its uses are so various that it may be looked upon as a general pain killer. It has achieved that greatness for itself and its excellence is known to all who have tested its virtues and learned by experience.

"You're doing well, young fellow," said the shipping clerk encouragingly, "the foreman praises you to the skies."

"I'd sooner he'd praise me to the boss," was the quiet reply.

## A Double Escape

## DOCTOR'S DAUGHTER'S STORY

Another Toronto home provides evidence of how a simple cut, scratch or bruise, may pave the way to deadly blood-poison, and how vital is the need for keeping Zam-Buk, always handy?

When called upon at 3, Rushness Avenue, Mrs. J. E. Zealley, daughter of the late Dr. Bevan, of St. David's, S. Wales, said: "My boy Alfred scratched his leg with the brass tag of a shoe lace. A nasty poisoned sore developed and it defied all the usual ointments. Hearing splendid reports about Zam-Buk I decided to give it a trial. To my great relief, the balm soon caused healing to set in. All inflammation and poisonous matter was quickly removed by Zam-Buk, and it healed the sore without leaving a scar."

"Again when I fell over a steel fender and injured my knee badly, Zam-Buk alone saved me. My daughter, a nurse, was of the opinion that only an operation could remove the mass of inflammation and pus. But I again pinned my faith to Zam-Buk, and it cleansed and healed the wound." All druggists and stores sell Zam-Buk at fifty cents per box. Equally valuable for eczema, pimples, cuts, burns, etc.

## CHAPTER III.—Continued.

Janet laughed. "I will go now to give you the chance." With a playful flick of her whip toward Douglas, she was off like an arrow.

Donald turned to his friend, "I hope that you are satisfied now that you have made an ass out of me."

"Quite happy, old dear. I didn't find it a hard job."

Donald laughed. "I'll race you to the gym."

As the bout was to take place on Monday, this was to be the last day of training. The fans who had flocked to see Donald in his work-outs admitted that he had wonderful speed, but would be unable to stay the twenty rounds with the formidable Garriéau. The verdict of the knowing ones was that it would take more than a snappy left hand to lift the laurels from the champion who possessed the virtue of the terrible punch.

To the boxer training is a trying ordeal. The daily grind of road-work, bag-punching, rope-skipping and pulley work becomes monotonous. The nerves become frayed, and if the weight has to be materially reduced the boxer develops a bad temper and is anything but a cheerful companion.

"The wonder metal of the age" is a fitting term for Aluminum. Its lightness, brightness, flexibility, freedom from rust, and many other good qualities, make it adaptable to a multitude of uses, a chief one being as a container par excellence for good tea—Red Rose Tea is packed only in this modern metal package.

N. W. U. 1755

As Donald prepared for bed that night he thought with relief that the morrow would be a day of rest. "I'll be glad when it's over," he mused. His meditations were interrupted by a rapping on the door. In answer to his invitation to come in, the door opened and a small man of unprepossessing appearance entered.

The visitor was indeed a most repulsive man, of uncertain age, and with skin of a sickly yellow. One eye was sightless, which he ascribed to an accident during a football game. Those familiar with his shady past averred that it was caused by the vigorous application of an adversary's thumb during a bar-room brawl.

"I'm Garriéau's manager," he said importantly.

"What do you want?" demanded Donald shortly.

"Now, see here, Kid. We've got a dead cinch to cop de change. It's dis way. Youse is a amachoor widout a chance in de woid to beat de Slugger. Get me? Well, dere ain't a bit of sense of de Slugger beatin' you up for nuttin', so we frames de bout. De heavy bettin' will be on de Slugger, so we fixes it for de Slugger to go 'till about de tent' round, so's it go 'till about de tent round, so's to give de fans a run for dere money. We gets all de money dat we can beg, borrow and steal and puts it on you to win. We puts up a slam-bang fight. You can take de drop a couple of times, and den down goes de Slugger. De fans will just eat it up. De tent' round will find you stannin' toe to toe, den de last minute you sends home de fake sleep-punch. De boobs will t'ink it's on de square. Den in a mont' we gets a return fight and we pulls off de 'grudge stuff' and we packs de house. Of course, we have to win den, and all our money will be placed on de Slugger. Dat means dat we cop de change twice. Get me?"

His ugly lips parted in what he intended as an ingratiating smile. "You come up to de club tomorrow and we rehearses de whole t'ing. Get me?" Donald's face turned pale with rage. "I 'get you,' you damned little rat!" he rasped. Seizing the surprised Pursell by the collar, he jerked him to his feet, dragged him to the door, and threw him out with such force that he struck the wall with a thump and fell in a heap on the floor.

Pursell rose with a snarl that showed his yellow teeth. A look of bestial hate shot from the one gleaming orb. "We'll kill you Monday, you —" The air was filled with the vilest oburgations.

Closing the door, Donald walked to the windows and opened them wide, as though to rid the room of the air his visitor had breathed. "I never dreamed there was so much rottenness in the shape of a human being," he said disgustedly.

At the same hour, at the other side of the city, Douglas was also entertaining a visitor, but of a very different type. He had just entered his room when he heard his sister's voice.

"May I come in a minute, Doug?" Janet came to the point quickly. "Who is this Mr. McLean who was with you today?"

"Oh, that was—er—Donald McLean," he answered evasively. "You know what I mean. Who is he? What is he. Where does he come from?"

"I'll look him up in Bradstreet's."

"Do be serious, Doug."

"Is it a serious matter, Sis?"

"I think he is interesting," she replied hesitatingly.

"So do I. I liked him the first time I saw him," said Douglas warmly.

"Well, you haven't answered my questions yet," persisted Janet.

For all his fluency of speech Douglas was for the moment nonplussed.

"Let's see—er—what was the first question?" He was sparring for time.

"Don't quibble, Doug. Where did you meet him?"

"I met him a long time ago through an intimate friend by the name of Petray. McLean is his partner. Firm name McLean and Petray."

"What is his business?"

"Oh—er—glove business."

There was an interval of silence.

"I'm not a bad little liar," thought Douglas.

"I wonder if she's finished." He yawned strenuously and stretched his arms.

"My! I'm sleepy," he said.

Janet rose slowly and moved toward the door.

"Are you going to ask him out some time?" she inquired.

"Sure thing!"

At the door she turned. "Will you let me know when he is coming?"

"Yes, dear."

"Good-night, Doug."

"Good-night, Sis."

Douglas stood for a while staring into nothingness. "I don't blame her," he said aloud. "I don't know anything about him, but I'll bet he is a real man."

## CHAPTER IV.

The arena and the grand-stand were packed, the S.R.O. sign having been hung out at two o'clock. The cosmopolitan crowd sat in solid ranks, tier upon tier, from the select ringside seats to the topmost rail. Judges, lawyers, doctors and bankers sat with labourers, miners, loggers, bartenders, and bootblacks. Men of the underworld sat side by side with men that make and administer our laws. There was a sprinkling of Japs, Chinamen and negroes. The turbaned Hindu made bright splotches of colour here and there in the vast sea of faces. Of class distinction there was none; all welded as one in the love of the boxing game.

The preliminaries were over, and the vast crowd had settled in their seats. Suddenly there was a stir, a craning of necks. Down the aisle on the west side of the arena came Donald, followed by Andy and the two seconds, the latter carrying buckets, sponges, towels and bottles. Donald wore a dark-coloured bathrobe thrown over his shoulders. There was a murmur of applause that swelled to a tumult as he clambered through the ropes. He seemed cool as Andy piloted him to the corner, but as he sat down and stretched out his long legs, he appeared ill at ease.

Although the crowd had given him a handsome welcome, prophecies were shouted down from the top seats that he would not last very long with the formidable champion. Donald was palpably nervous, as evidenced in the quick turning of his head and the shuffling of his feet. He looked slight and frail as he leaned forward in his chair, the black bathrobe accentuating the paleness of his face. A feeling of friendliness came over him as he gazed at the huge, strange crowd who were loudly predicting his defeat.

A well-known judge, wearing glasses and a big black hat, turned to his companion. "It's a hanged shame, Toni, to match that slim boy with a brute like Garriéau."

The one addressed was one of the City's leading dentists and an ardent boxing fan. "Don't you believe it,

Bill," he returned. "Just wait until you see this boy strip."

"Here he comes!"

A roar of applause greeted the champion as he came down the east aisle bowing right and left in answer to their plaudits. His dark, massive body seemed fairly to shine as he leaped to the ring with easy grace and stripped off his robe. He stood in his corner with his hands on the ropes, shuffling his feet in the resin, still smiling and glancing about the arena. Evidently he loved the limelight.

(To Be Continued.)

## Teeth and Health

Issued By The Canadian Dental Hygiene Council and Published By The Saskatchewan Dental Society

## THERMAL CHANGES

You are fond of ice cream during the hot weather, and of iced drinks. But you noticed that upon your last visit to the soda fountain, a certain tooth pained momentarily as you were enjoying your favorite dish.

Or, some toothsome sweet made it "sting"; and also, you found it more comfortable to take your tea not quite so hot. But of course, it isn't bad enough to make a fuss over; a little care exercised and it will be alright again.

So you think. Now what is happening?

You have suspected, and rightly so, a small cavity.

While Nature saw fit to place nerve and blood tissues within the tooth, yet she protected them with the very hard outer covering, the enamel which was meant to remain intact throughout the life time.

But through no fault of Nature, disease has crept in and her plans yet baffled, for she has placed just yet baffled, for she has placed just within the enamel covering, tiny tissue filaments which communicate with nerve endings in the pulp chamber. These respond to thermal changes, sweets and acids, and instantly there is telegraphed to headquarters in the brain, the warning that something is wrong—just as when you put your finger on a red hot stove.

So forewarned, there is yet ample time to prevent more serious trouble if you would but do your part and act promptly by having repairs made.

But do you?

If Miller's Worm Powders needed the support of testimonials they could be got from mothers who know the great virtue of this excellent medicine. But the powders will speak for themselves and in such a way that there can be no question of them. They act speedily and thoroughly, and the child to whom they are administered will show improvement from the first dose.

## Little Helps For This Week

"Not my will, but Thine be done."  
— Luke xxii. 42.

Whatever my Father wills is best. Delight or suffering, toil or rest,—Thine eye, and Thine alone, can see What I should have, and do, and be. I only ask that I may know The way which Thou wouldst have me go;

That I, my will in Thine may lose; That what Thou, Lord, for me shalt choose.

I, too, may choose.  
— C. W. Harris.

There are no disappointments, it has been said, to those whose wills are bound up in the will of God.

— The Light Of The Conscience.

Dip the stopper of the mucilage bottle in a little melted paraffin before placing it in the bottle and it will never stick.

People are precipitate. Always putting off something till tomorrow, instead of the day after tomorrow.

## Are You Ready

## When your Children Cry for It

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria. No sooner done than Baby is soothed; relief is just a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is vegetable. So it's safe to use as often as an infant has any little pain you cannot pat away. And it's always ready for the crueller pangs of colic, or constipation, or diarrhea; effective, too, for older children. Twenty-five million bottles were bought last year.

### HARVEST HOME

Harvest Home services were conducted in the United Church Sunday evening last. The church was filled to capacity and the service one to be remembered. The choir took a special part which was appreciated by all present.

It was a fitting service. What is more beautiful or more characteristic of this part of our great province than the fields bristling with stocks of grain. On all sides they are seen in our vicinity. Prosperity and plenty spell good times for everybody—especially the merchant.

We have this year to be thankful to the Giver of All for an abundant harvest.

## AUCTION SALE OF SCHOOL LANDS

PUBLIC NOTICE is hereby given that an Auction Sale of School Lands will be held in the Province of Alberta, at the place, on the date and including the territory hereafter mentioned:

CALGARY, Tuesday, November 13th, 1928, at 9 o'clock, a.m., comprising Tps. 20 to 25 inclusive, Ranges 17 to 23 inclusive, W 4th M., and Tps. 20 to 33 inclusive, Rge. 24, W 4th M to Range 7, W 5th M inclusive.

The sales will convey the surface rights only and will be subject to the usual reservations in favor of the Crown.

The lands will be offered in quarter sections, or portions thereof, subject to a certain upset price in each case, and will be sold without regard to persons who may be in illegal occupation of same, but such persons will be allowed a period of thirty days from date of sale within which to remove any improvements they may have placed on the land, which are not the property of the Crown.

Where land sold has been put under cultivation by the holder of a permit, or any other person, the sale is subject to the right of the permit holder or said person to remove prior to the 31st December, 1928, the crop grown thereon.

Where land sold is held under grazing permit, such permit becomes inoperative on the date of sale.

Where a parcel of land is sold, the holder of a cultivation or grazing permit thereon will be allowed until the 15th day of May, 1929, within which to remove therefrom any fencing or other improvements, not the property of the Crown, placed upon such land under the provisions of said permit.

A purchaser shall at time of sale, or upon demand of the Department, pay for any area in summer fallow upon the land at the date of sale at a valuation placed thereon by an official of the Department.

### TERMS OF PAYMENT

One-tenth in cash at time of sale, and the balance in eighteen, equal annual instalments with interest at the rate of six per cent per annum on the balance of the purchase money from time to time remaining unpaid, except in cases where the area of the land sold does not exceed forty acres, in which cases the terms of payment shall be one fifth in cash and the balance in four, equal, annual instalments, with interest at the rate of six per cent per annum; overdue payments, whether of principal or interest, to bear interest at the rate of seven per cent per annum.

SCRIP OR WARRANTS will not be accepted in payment.

Upon a parcel of land being knocked down, the purchaser shall immediately pay the Clerk of Sale the amount of the first instalment; otherwise the parcel will at once be put up again.

Payment may be made in cash or by a marked cheque on any chartered bank of Canada, made to the purchaser's own order and payable at par at point of sale.

Purchasers may, at time of sale, pay in full or any amount desired in excess of the first instalment.

CHEQUES will not be taken in payment, unless marked accepted by the bank on which they are drawn.

Lists, giving full particulars of the lands to be offered, may be had on application to the Acting Commissioner of Dominion Lands, Department of the Interior, Ottawa, Ontario, or to any agent or sub-agent of Dominion lands in the Province of Alberta.

### Burnside Notes

Miss Annie McCulloch spent the week-end with friends in Calgary and High River.

Mr. and Mrs. Duncan Morrison and family of Olds spent Sunday with Mr. and Mrs. Noah Eckel.

The next meeting of the Lone Pine W. L. will be held at the home of Mrs. W. McCulloch on Thursday November 8th.

We are sorry to hear that Mr. C. Cipperly is laid up with an attack of blood poisoning.

Miss Mary McCulloch we are glad to hear was sufficiently recovered from her recent operation for appendicitis to be able to leave the hospital on Monday.

The bridge over the Nine Mile Creek on the north Didsbury road is badly damaged as a result of Mr. Jake Ehrets new Stewart truck going through it.

There are many truckson our road these days. J. Reist and G. Bittner each purchasing new Rugby trucks while Noah Eckel who purchased the first Ford truck in these parts from Roger Barrett three years ago, received the first new Ford truck last Friday from the same agent.

The threshing is nearly completed in this district and there will be very few machines going after this week.

## A Mass of Sores —No Sleep— Unhappy Days

"Three years ago my neck, arms and chest were like raw beef. When I applied D. D. D. I was immediately relieved. Three bottles entirely healed my case, even though I was in such a terrible state. I am so thankful to have found out about D. D. D. it is worth \$5.00 a bottle." Eliza R. Clower, Kelowna, B. C.

Why not see if D. D. D. will relieve your case of skin disease. Itching stops on the instant. \$1.00 a bottle. Try D. D. D. Soap, too.

By Order,  
J. W. MARTIN,

Acting Commissioner of Dominion Lands  
Department of the Interior,  
Ottawa, 1928. 43-1c

A Scotch aviator looped-the-loop and dropped his pocketbook, but he reached the ground first.

By the time all the Provinces get their good roads programs finished the world will be riding in airplanes.
